V. METHODS OF SELECTING WINNER

1. The appointed contest chairpersons will be in charge of this CDE.

4. At least three competent and impartial persons will be selected to judge the contest. At least one judge should have an agricultural background.

5. At the time of the contest, the judges will be seated in different sections of the room in which the CDE is held. They will score each contestant upon the delivery, content, and composition of the presentation, using the rubric provided.

6. Each judge shall formulate and ask questions. Questions shall pertain directly to the speaker’s subject. Questions containing two or more parts should be avoided. Judges will score each contestant on his/her ability to answer all questions asked by all judges. The full five minutes should be used.

7. When all contestants have finished speaking, each judge will total their scores on each contestant. The timekeepers' record will be used in computing the final score for each contestant. The judges' score sheets will then be submitted to the teacher co-chair person to determine the final ratings of the contestants.
8. Contestants shall be ranked in numerical order on the basis of final score to be determined by each judge without consultation with each other. The judges' ranking of each contestant then shall be added and the winner will be that contestant whose total of the rankings is the lowest. Other placings shall be determined in the same manner. (Low point score method of selection.) In case of a tie that individual who has the highest grand total score shall have prior rating.

VI. AWARDS

Plaques or trophies will be awarded to the regional, and state contestants by the State FFA Foundation.
